The Enconnex Apple Mac Mini 4x Shelf - 750mm is a low profile, 1U high shelf engineered to safely mount and protect your current generation Mac Mini devices. Our efficient design provides maximum airflow and secure, isolated cable management for your equipment.

APPLICATIONS

The shelf allows users to securely mount four Mac Mini devices and the sliding rails allow for easy access. Each Mac Mini is provided with a cold air intake vent that provides superior temperature control.

PRODUCT FEATURES

- High-quality steel construction
- Durable powder coating
- Designed to fit four Apple Mac Pro devices in a 2x2 configuration
- Ventilation openings strategically placed for optimal performance
- Mounted via rivet studs for secure transport
