| Approvals | EIA/ECA-310-E |
| Colors | Black, White, custom upon request |
| Weight Capacity - Stationary (lbs) | 3300 |
| Weight Capacity - Rolling (lbs) | 2650 |
| Units per pallet | 1 |

SEISMIC SPECIFICATIONS

Standard Cabinet

Our standard cabinet can be configured with a zone 4 mounting kit and bayin kit to meet current Zone 4 compliancy in seismic areas.

Seismic Cabinet

Our seismic cabinets are engineered to meet current GR-63-CORE, NEBS seismic standards. These cabinets are manufactured with a welded design to ensure structural rigity in seismic areas.
