Toolless Blanking Panels

SKU#: E01006X-XXX

Airflow management is a major concern in every data center. Using blanking panels to block unused rack mount spaces is an easy and economical way to greatly improve airflow efficiency. Enconnex Blanking Panels are designed to provide our customers with a low-cost, high-quality airflow management solution.

Figure 1 - Blanking Panel - 1U

PRODUCT APPLICATIONS

- Any data center cabinet with unused rack mount spaces on the front rails
- Use in micro data center edge applications to improve airflow efficiency

PRODUCT FEATURES

- Engineered from high-quality, rigid thermoplastic with a UL 94-V0 fire rating
- Toolless snap-in design makes installation quick and easy
- Compatible with any 19" EIA rack or cabinet with cage nut style mounting holes
- Available in 1U and 2U sizes
- Available in black or white
