

2x12F MTP-LC Cassette - OM4

SKU#: ECX-2XMTP-24LC-OM4-HDC

The Enconnex 2x12F MTP-LC cassette is designed for plug and play connections to trunk cables. The cassette is terminated with MTP connections to LC and allows the end user to migrate from 10G, 40G, and 100G connections without needing to alter the horizontal structure of the trunk cables. The ease of use guarantees fast and future proof deployment into data centers, labs, and colocation environments.
