

Rack Anchor Bracket Kit

SKU#: ECX-ANCHORKIT

PRODUCT DESCRIPTION

The Enconnex Rack Anchoring Kit provides all the related components to anchor 42U, 45U, 48U, 52U series of Enconnex Racks. The Anchoring kit includes:

- 1 Pair of anchor brackets. The brackets can be attached to the rack and bolted to the ground.
- 4 anchor bolts measuring M8×100. The anchor bolts are designed for concrete flooring as majority of the data centers are moving to concrete floors. Included with these are washers and nuts.
- Bolt screws
- Baying brackets
- Epoxy adhesive that can be utilized to strengthen the anchoring if required.
- Complete drawing of the anchor bracket
