

## Cable Tie Mounts

Marathon Cable Tie Mounts provide secure and reliable attachment points for cable ties across a variety of surfaces. Designed for adaptability and ease of installation, these mounts support efficient cable organization while withstanding demanding installation environments. Their versatile design makes them suitable for a wide range of industrial, commercial, and telecommunications applications.

- **Secure Cable Management:** Provides stable anchor points for cable ties, preventing tangling and reducing the risk of electrical malfunctions.
- **Versatile Mounting Options:** Works across multiple industries and environments, including aviation, electrical, industrial, mining, transport, motorsport, and marine sectors.
- **Ease of Installation:** Available with adhesive backing for quick attachment without drilling; compatible with surfaces such as wood, plastic, and metal.
- **Low-Profile Design:** Ideal for use in tight or constrained spaces where traditional fasteners cannot be used.
- **Non-Drill Applications:** Suitable for metal, glass, and other surfaces where drilling is not feasible.
- **RoHS, REACH & PAHs Compliant:** Meets global environmental and material safety standards.
- **Applications:** Commonly used in control panels, tight-space installations, and on surfaces unsuitable for drilling.
