

## Schedule 40 Elbows

Marathon Schedule 40 elbows provide smooth direction changes with standard and long-radius options. Available in 45° and 90° bends and sizes from 1 to 4 in. (with pallet packs for large-radius elbows).

### Features and Benefits

- **Molded plain-end design:** Allows easy solvent-weld installation.
- **Multiple radius options:** Reduces cable stress on long and heavy pulls.
- **Carton or pallet packaging:** Matches jobsite needs for small or large projects.

### 90° Schedule 40 PVC Elbows – Plain End, Standard Radius
