

## Schedule 40 Rigid PVC End Bells

Marathon Schedule 40 end bells provide a flared entry to protect cable during conduit-to-enclosure transitions. Available in 1 to 4 in. with ETL listings.

### Features and Benefits

- **Flared throat:** Reduces cable abrasion during pulls.
- **Schedule 40 compatibility:** Integrates easily with standard conduit systems.
- **ETL listing:** Helps installers meet inspection and code requirements.

### Schedule 40 Rigid PVC End Bells
